## PHARMACY OPERATIONAL MANAGEMENT INFORMATION

### PHARMACY HOURS

#### 100 Hour Monitoring

A new process is under development, to be agreed with the LPC. Please continue to use the existing reporting procedures until notified otherwise.

### NOTIFICATION OF AD-HOC CLOSURES (UNPLANNED CLOSURES AND EXCEPTION REPORTING)

If you need to close the pharmacy, open later than usual or open without a pharmacist present, use the following procedures:

#### BaNES, Gloucestershire, Swindon and Wiltshire Pharmacies

- Email NHS Shared Business Services on [SBS-I.SWPCE-FHS@nhs.net](mailto:SBS-I.SWPCE-FHS@nhs.net) , requesting the form for “*Notification of unplanned temporary suspension of services*”. Alternatively the form can be downloaded from <http://www.england.nhs.uk/pharm-open-hrs/> .
- Submit the completed form by 12 noon the next day to NHS Shared Business Services on [SBS-I.SWPCE-FHS@nhs.net](mailto:SBS-I.SWPCE-FHS@nhs.net) or fax to 0300 421 1886

Please note that closures should only be considered in exceptional circumstances and following every effort to obtain full pharmacist cover.

## **COMMUNITY PHARMACY ASSURANCE FRAMEWORK (CPAF)**

Below is a link to the NHS England internet pages with the monitoring documentation that NHS England South (South Central) uses. The 2013/14 CPAFs have been submitted, and you will be notified when the next one is required.

<http://www.england.nhs.uk/monitoring/>

CPAF provides an assurance framework for the Community Pharmacy Contract. It covers matters that can be self-assessed, and apart from random verification purposes avoids the need for these matters to be covered during visits. You may find it helpful to refer to the Contract Workbook published by the Pharmaceutical Services Negotiating Committee (PSNC), when completing the questionnaire.

The PSNC provides information about the CPAF on these pages:

[http://psnc.org.uk/?s=CPAF&post\\_type=all](http://psnc.org.uk/?s=CPAF&post_type=all)

For the criteria used to monitor compliance please see the “Procedure for monitoring compliance with the terms of service for pharmacy and dispensing appliance contractors” :

<http://www.england.nhs.uk/wp-content/uploads/2013/07/proc-mon-comp-pharm-con-ts.pdf>

## **PHARM OUTCOMES**

A web-based system which helps community pharmacies provide services more effectively and makes it easier for commissioners to audit and manage these services.

<https://www.pharmoutcomes.org/pharmoutcomes/>

The PSNC provides information about PharmOutcomes on these pages:

<http://psnc.org.uk/services-commissioning/pharmoutcomes>

## COMPLAINTS: ANNUAL RETURNS

Under the provisions of the National Health Service (Pharmaceutical and Local Pharmaceutical Services) Regulations 2013 pharmacy contractors are required to make arrangements for the handling and consideration of complaints. As part of the requirements an 'annual report' about complaints must be published, made available to anyone who requests it, and be sent to NHS England South (South Central). You should send your report to the **NHS England Contact details for your locality**

**Complaints Procedures.** The PSNC publishes details of the responsibilities of pharmacies here:  
<http://psnc.org.uk/wp-content/uploads/2013/09/PSNC-Briefing-091.13-NHS-Complaints-Procedure.pdf>

## OPENING HOURS AND SEASONAL ROTAS

The terms of service requirements for opening hours are set out in Schedules to the 2013 Regulations:

- Paragraphs 23 to 27, Schedule 4 for pharmacy contractors.
- Paragraphs 13 to 17, Schedule 5 for DACs.

If a contractor wishes to change its **core** opening hours it must apply to the NHS England office in whose area the premises are located. However if it wishes to change the **supplementary** opening hours then it may notify the AT of the change and give at least three months' notice. NHS England has discretion to allow the change in supplementary opening hours to take place within the three-month notice period. Where there is a clear benefit to patients then changes to supplementary opening hours will be allowed to take place as quickly as is possible, e.g. a pharmacy wishes to extend its supplementary opening hours.

Use the following forms, which can be found on this website <http://www.england.nhs.uk/pharm-open-hrs/> to give notice of or make changes to opening hours

- [Annex 2 – template – notification of bank and public holiday opening hours V1 – NHS England](#)
- [Annex 3 – template – change of core opening hours V2 – NHS England](#)
- [Annex 5 – template – change of supplementary opening hours V1 – NHS England](#)
- [Annex 6 – template – unplanned temporary suspension of services V2 – NHS England](#)

Seasonal adjustments to opening hours (Christmas/New Year, Easter) will be finalised by your local NHS England office.

Information from the PSNC about notifying NHS England of your service hours during the Christmas/New Year period can be found here: <http://psnc.org.uk/our-news/reminder-notification-of-opening-hours-to-nhs-england-area-teams-2/>  
Further information and guidance on opening hours' regulations can be found at <http://psnc.org.uk/pharmacy-contract-funding/the-pharmacy-contract/pharmacy-regulation/opening-hours/>. Your Local Pharmaceutical Committee will also be able to advise you.

## **CERTIFICATES OF CONFORMITY / ANALYSIS**

**Applies to all Pharmacies in BANES, Gloucestershire, Swindon and Wiltshire.**

Please ensure that all Certificates of Conformity (CoCs) and Certificates of Analysis (CoAs) are sent to the Primary Care Team, NHS England South (South Central), Sanger House, Unit 5220, Valiant Court, Gloucester Business Park, Brockworth, Gloucester. GL3 4FE

**Certificates should be correctly endorsed and anonymised so that all patient identifiable information is redacted.**

## **QUARTERLY MUR AND NMS RETURNS**

Pharmacy contractors must be able to provide a summary of their MURs conducted on a quarterly basis to their NHS England South (South Central) local office. This data is used to demonstrate the activity and value of the MUR service. The dataset is defined and can be found on the PSNC website at:

<http://psnc.org.uk/services-commissioning/advanced-services/murs/mur-record-keeping-and-data-requirements/>

For full MUR service specification please refer to:-

<http://psnc.org.uk/services-commissioning/advanced-services/murs/>

Your **local NHS England office contact** is your contact for returns of MURs and for any further details.

## INFORMATION GOVERNANCE

Community pharmacies must provide information governance assurances to the NHS annually. This must be done by completing an online NHS Information Governance Toolkit (IGT). Please note that the requirements change annually. Further advice can be obtained from the PSNC website on <http://psnc.org.uk/contract-it/pharmacy-it/information-governance/>  
The information governance toolkit can be found here: <https://nwww.igt.hscic.gov.uk/>

### Controlled Drug Disposal via the clinical waste contract:

If Water Authorities prohibit disposal of Controlled Drugs in the waste water, then the CDs must be destroyed using CD destruction kits. After destruction has been completed, the resulting waste can be disposed as part of the regular normal NHS hazardous waste collections. If in doubt contact your clinical waste service provider (see **NHS Clinical Waste: Service providers and contact numbers**).

**Methadone rinsings:**

When requesting permission to dispose of methadone rinsings into the waste water system **each pharmacy is responsible for contacting the correct water authority**. Below are contact details for some water authorities that cover the area of Bath, Gloucestershire, Swindon and Wiltshire. Up-to-date contact details can be found on the website operated by your Water Authority

## **PHARMACEUTICAL NEEDS ASSESSMENT (PNA)**

The Health and Social Care Act 2012 transferred the responsibility to develop and update Pharmaceutical Needs Assessments (PNA) to Health and Wellbeing Boards from 1 April 2013. Each Health and Wellbeing Board had a statutory duty to complete a PNA for 1 April 2015. You will find the draft PNA for your area on these links:

Gloucestershire: <http://www.gloucestershire.gov.uk/CHttpHandler.ashx?id=62133&p=0> (2015 version)  
Swindon: <http://www.swindonjsna.co.uk/dna/pharmaceutical-needs-assessment> (2015 version)

## **ELECTRONIC PRESCRIPTION SERVICE (EPS)**

What is EPS: <http://systems.hscic.gov.uk/eps/library/pharmacyleaf.pdf>

Visit the Get Started section at this website: <http://systems.hscic.gov.uk/eps/dispensing/getstarted>

**For PSNC guidance on EPS go to:** <http://psnc.org.uk/dispensing-supply/eps/>

Dispensers require dispensing tokens for EPS. Without them dispensers will not be able to operate EPS effectively.

**To order EPS tokens:** make a Pharmacy Stationery Requisition via the NHS SBS Practitioner Support Services. See **Ordering Pharmacy Stationery**.

### **NHS England/HSCIC guidance about patient nominations for EPS:**

To use EPS, patients choose where their prescriber will electronically send their prescriptions. This is called nomination

<http://systems.hscic.gov.uk/eps/library/nomination.pdf>

## Complaints about EPS nominations

It is important that any complaint about nomination is investigated and dealt with appropriately. Guidance for complaints about nominations can be found on page 4 of the above NHS England/HSCIC guidance, and also includes the following link to register your complaint:

<http://www.england.nhs.uk/contact-us/complaint/>

You will need a Smartcard to use EPS. See SMARTCARDS

## SMARTCARDS

## TRANSLATION SERVICES

Some interpreting service providers require an Access Code from you to confirm that you are eligible to access these services. If your service provider requires a code from you, your local NHS England office will issue those codes. To prevent abuse of NHS funds pharmacies must keep their code safe and not divulge it to patients.

Service providers will invoice NHS England or its agents.

## CLINICAL WASTE COLLECTIONS

- NHS clinical waste collections from pharmacies are commissioned by NHS England. This includes patient returned medicines and patients' sharps. Service details are below.
- Needle Exchange Schemes and the collections of associated sharps bins are commissioned by the Public Health Department of your Local County or Borough Council. Collection and contact details should be in your Service Level Agreement you have signed with them for this service.
- Clinical Waste produced by the pharmacy from non-NHS commercial operations will not be collected by the NHS commissioned service and must not be mixed with NHS-commissioned collections.

Wiltshire and Swindon	PHS Group	029 2085 1000
BaNES	SRCL	0333 240 4400
Gloucestershire:	Tradebe	01179 802 990

### **Missed/overdue collections of clinical waste:**

If your waste collection has been missed or is overdue contact your clinical waste service provider as above. Provide your pharmacy name and postcode, and the nature of your request.

### **Changing the container type or the collection frequency:**

If you require additional clinical waste collections or more/different bins, these must be authorised by the team commissioning that service (see contacts below). You must provide justification for any change that requires additional funds.

### **Contacts:**

Gloucestershire: Estates Team (Security, Safety & Facilities), Gloucestershire Care Services NHS Trust. Tel 0300 421 8273

Swindon: Primary Care Team, Sanger House, Tel 011382 53496

Wiltshire and BaNES: Primary Care Team, Bewley House, Chippenham. Tel 011382 51509

Different pharmacies have different collection frequencies depending upon their average output of NHS clinical waste.

### **Managing your waste output**

Pharmacies are responsible for controlling and auditing the content of their waste streams in accordance with the requirements of the Environment Agency.

As of April 2015 the most recent version of HTM 07-01 “Management and disposal of healthcare waste” published 20/03/2013 can be found here:

<https://www.gov.uk/government/publications/guidance-on-the-safe-management-of-healthcare-waste>

### **Patients' clinical waste and sharps**

Some Local Authority waste management services provide collections of clinical waste including sharps from domestic premises. Patients should be advised to contact their local authority for information about this service.

Patients should return unused drugs to the pharmacy for correct disposal.

## **INFORMATION GOVERNANCE**

Community pharmacies must provide information governance assurances to the NHS annually. This can be done by completing an online NHS Information Governance Toolkit (IGT). Please note that the requirements change annually. Further advice can be obtained from the PSNC website on <http://psnc.org.uk/contract-it/pharmacy-it/information-governance/>

## GPs, Dentists, Pharmacies, and Opticians

Separate appendices contain lists of the above.

NHS Choices provides an easy way to find contact details for providers of NHS Health Care and can be searched by town or postcode. Website: [www.nhs.uk](http://www.nhs.uk) , select 'Services Near You' then GP, Dentist, etc. (or Google search for NHS Choices)

**You are advised to use NHS Choices in preference to the fixed/printed lists appended.** Some contact details on lists will become out-of-date. NHS England takes no responsibility for the continued correctness of the listed information.

## **NHS England South (South Central)**

### **BaNES, Gloucestershire, Swindon and Wiltshire**

#### **Conducting Medicines Use Reviews (Version 21/04/15)**

Medicines Use Reviews (MURs) should be conducted in the pharmacy face to face as a general rule. In exceptions MURs can be conducted in patients' homes where agreed with the NHS England South (South Central - BaNES, Gloucestershire, Swindon and Wiltshire). It is NHS England Policy that a pharmacist wishing to conduct MURs in patients' homes has an enhanced disclosure and barring service (DBS) certificate (the updated CRB check). The service specification states that permission needs to be given for each patient every time a MUR is to be undertaken.

#### **Aims for the Service**

To improve patient knowledge, adherence and use of their medicines by:

- Establishing the patients actual usage, understanding and experience of taking their medicines
- Identifying, discussing and resolving poor or ineffective use of their medicines
- Identifying side effects and drug interactions that may affect adherence
- Improving the clinical cost effectiveness of prescribed medicines and reducing medicine wastage

#### **Working with other professionals**

In order to ensure cost effective and integrated services are delivered NHS England South (South Central - BaNES, Gloucestershire, Swindon and Wiltshire) requires pharmacists to work in collaboration with the local GP surgery within their local Clinical Commissioning Groups (CCGs). This is intended to ensure that the MUR activity is co-ordinated with any medication reviews undertaken by others within the CCG e.g. GPs, nurses.

As Offsite MURs are, by definition, not carried out in the pharmacy it is essential that patients and other Health Care Professionals can see that this is part of integrated NHS medicines optimisation services and does not lead to any confusion about who is doing what. Pharmacist will be required to give assurance that this contact has been made, and there is local agreement and understandings of how all MURs are to be carried out off the pharmacy premises.

#### **Gaining consent**

Pharmacy contractors wishing to carry out consultations off the pharmacy premises must gain consent from the NHS England South (South Central - BaNES, Gloucestershire, Swindon and Wiltshire), and this consent can be for:

- a specific premises e.g. specific room in a GP practice
- a specific premises or a category of premises for a category of patients e.g. care home for care home residents
- specific premises for a specific patient e.g. in a patients' own home

## Standard Operating Procedure

The pharmacy will need to have in place a SOP of how it will deliver offsite MURs and this will need to include the following:

- How patients will be targeted,
- How the pharmacy will gain approval for the MUR,
- How the pharmacy will obtain consent from the patients for an offsite MUR
- What areas will be covered in the MUR
- How improved outcomes will be recorded during the MUR
- How these details will then be collated for the offsite MUR review summary for reporting to the NHS England South (South Central - BaNES, Gloucestershire, Swindon and Wiltshire)

The SOP will need to be shared with the NHS England South (South Central - BaNES, Gloucestershire, Swindon and Wiltshire) prior to authorisation being given.

### MURs over the Telephone

MURs can only be provided in exceptional cases by telephone, but only where NHS England South (South Central - BaNES, Gloucestershire, Swindon and Wiltshire) gives approval for a particular patient, and on a particular occasion. It should be noted that it is extremely unlikely that NHS England South (South Central - BaNES, Gloucestershire, Swindon and Wiltshire) approval for these will be given. The Directions require a telephone MUR to be carried out such that no-one can overhear the consultation.

### MURs at a patient's home

There may be circumstances where a patient is housebound and is unable to attend the pharmacy premises but would benefit from an MUR. In this instance a contractor may apply to the relevant NHS England South (South Central - BaNES, Gloucestershire, Swindon and Wiltshire) to provide an MUR to a specific patient on a specific occasion. The pharmacist undertaking the MUR must have an enhanced Disclosure and Barring Service (DBS) certificate.

### MURs at other premises

There may be circumstances where a contractor wishes to provide the service at premises or a category of premises to a particular category of patient e.g. residents of a care home who are self-medicating. The pharmacist undertaking the MUR must have an enhanced Disclosure and Barring Service (DBS) certificate.

### Service Specification

If a pharmacy wishes to provide MURs in another location they must seek the prior approval of the NHS England South (South Central - BaNES, Gloucestershire, Swindon and Wiltshire). Carrying out the MUR service away from the pharmacy could include an area for confidential consultations at premises other than the pharmacy (e.g. at a GP practice); at premises to provide the service to a particular patient on a particular occasion (e.g. in a patient's home); or at premises to provide the service to a particular category of patient (e.g. at a care home).

Where a pharmacy wishes to provide an MUR via telephone to a particular patient on a particular occasion, they must seek the prior approval of NHS England South (South Central - BaNES, Gloucestershire, Swindon and Wiltshire). Only when it is not practical for the

patient to get to the pharmacy or for the pharmacist to attend the patient's home, should an MUR be conducted by telephone. The MUR must be conducted in such a way as to ensure that the telephone conversation can only be overheard by someone whom the patient wants to hear the conversation, for example a carer.

For full MUR service specification please refer to:-

<http://psnc.org.uk/services-commissioning/advanced-services/murs/>

## Forms

Pharmacy contractors can use PSNC's PREM2 forms to make applications to NHS England South (South Central - BaNES, Gloucestershire, Swindon and Wiltshire):

## DBS checks

DBS application must be arranged through the NHS England South (South Central - BaNES, Gloucestershire, Swindon and Wiltshire), only one pharmacist per pharmacy will be eligible for a DBS check, only if that pharmacist leaves will the NHS England South (South Central - BaNES, Gloucestershire, Swindon and Wiltshire) allow for a second DBS check to be completed per pharmacy. Further information on DBS checks can be found at [www.gov.uk/db](http://www.gov.uk/db)

Procedure for DBS check:-

1. The Pharmacy request a DBS application form from NHS Shared Business Services ([SBS-l.contractssw@nhs.net](mailto:SBS-l.contractssw@nhs.net)). Please ensure the name and address of the pharmacist conducting the MURs is included in the email.
2. NHS Shared Business Services send the applicant the form for the Pharmacist to complete
3. The applicant arranges to meet with NHS Shared Business Services to hand over the completed application form along with originals and copies of documents proving their identity. These checks can be undertaken at any of the offices detailed. Please confirm which office is more convenient at the time of email NHS Shared Business Services for an application form:-

- Sanger House, Gloucester
- Bewley House, Chippenham

- Southgate House, Devizes
4. NHS Shared Business Services sends the application to DBS for processing
  5. DBS issues a certificate to the applicant.
  6. The Applicant sends a copy of the certificate to NHS Shared Business Services
  7. NHS Shared Business Services provides a copy of the certificate to the Area Team

## 1. Introduction

### 1.1 Background

In an effort to increase efficiency within the PSS service we have streamlined the process of ordering. With this streamline come some small changes in the way we would like to take orders.

## 2. Order Form

The current form is a word document with a product catalogue. To make the ordering easier we have created an excel order form. The new form is simple to fill out and also contains a product catalogue.

### 2.1 Using the new form

Fill the form in from left to right:

The image shows a screenshot of an Excel spreadsheet titled "NHS Shared Business Services". The spreadsheet is designed as an order form template. It features a header row with the following columns: Item, Customer Code, Product Code, Contractor Name, Address, Post Code, Order Number, Order Date, Delivery Number Date, Description/Qty, Quantity, Unit Type, and Comments. The rows are numbered 1 through 40 on the left side. The spreadsheet is currently empty, with the first row (row 1) highlighted in blue. The NHS logo is visible in the top right corner of the spreadsheet area.

The mandatory fields that need to be filled in with every order are:

- Area
- Contractor Name
- Address
- Postcode
- Contact Number
- Order Date
- Catalogue number
- Description (This is filled in automatically)
- Quantity
- Unit Type (This is filled in automatically)

Fill “Area” to “Order Date” only once and then add each item under the other, please see below for an example:

## 1.2 Secure Stationary Orders

For secure stationary orders the form is very similar as you fill in the same details but with a few additional fields.

The mandatory fields in this form are:

- Area
- Contractor Name
- Address
- Postcode
- Contact Name
- Contact Number
- Order Date
- Catalogue number
- Description (This is filled in automatically)
- Quantity
- Unit Type (This is filled in automatically)

## 2) Submitting an Order

All orders will need to be submitted attached to an email, if you do not have access to the internet please contact Sarah Thompson to inform her you will only be able to fax orders.

### 2.1 Order Process

When submitting an order it is very similar to the current process. Once you have filling in the form correctly you will need to attached the excel order form to an email and send it to [SBS-I.SWPSS@nhs.net](mailto:SBS-I.SWPSS@nhs.net). When sending the email you will need to put the word "Order" only into the subject heading. This is so that the automatic submission of orders can be completed.

### 2.2 Email Subject Headings

For all emails please follow the guide below for subject headings.

- All order emails will have "Order" only in the subject heading
- All receipt email will have "Receipt" only in the subject heading
- All other emails will have "Query" only in the subject heading
