Blood pressure assessment in community pharmacy: essential skills

Do you want to make your hypertension case-finding service more successful?

How confident are you in providing the NHS community pharmacy hypertension case-finding service?

Come away from this workshop with a plan to empower your team to deliver the hypertension case-finding service.

Join us for an informative and hands-on, face-to-face workshop supported by a clinical demonstrator.

This workshop is suitable for pharmacists, pharmacy technicians and trainee pharmacists.

Location and date

Holiday Inn Gloucester-Cheltenham, Gloucester GL4 3RX

10 June 2026
